Organization's Vision Statement

To provide a world-class Club experience that assures success is within reach of every young person who enters our doors, with all members on track to graduate from high school with a plan for the future, demonstrating good character and citizenship and living a healthy lifestyle.

Agency Capability

Boys & Girls Clubs of North County was established in the Fallbrook community in 1962. In our 60 year history we have grown from a single site to now serving over 2,000 youth in Fallbrook, Bonsall, Rainbow and DeLuz. Boys & Girls Clubs of North County is a member organization of Boys & Girls Clubs of America, a federation, which provides technical assistance, training, program development and other resources, along with standards for member organizations.

Boys & Girls Clubs of North County began as the Boys Club of Fallbrook, but changed its name in 1998 to better reflect the population and communities we serve. Programs were operated out of our clubhouse on Ivy Street until expansion began in 2005. Four new sites were established on school grounds in collaboration with Fallbrook Union Elementary School District. In 2015 we opened a site at Mae Ellis Elementary and added another at La Paloma Elementary in 2017. In 2019 a site was established at Turnagain Arms Apartments, in collaboration with Community Housing Works and Better World Foundation. In 2020 two sites were established at Camp Pendelton schools, Mary Fae Pendleton and San Onofre to serve youth during the pandemic. We have continued programs at MFP this school year. This year we expanded our partnership with Palomar Family Counseling to include services at four of our school sites on a weekly basis. Boys & Girls Clubs of North County has been recognized by BGCA with numerous awards for youth attendance, marketing and board strength.

Statement of Need/Problem

Childhood and adolescent obesity have reached epidemic levels in the United States. 1 out of 3 children in San Diego County's schools are overweight or obese and Hispanic students are nearly twice as likely. Obesity can affect all aspects of a child or adolescents health, including psychological, cardiovascular and overall physical health. It is associated with several comorbidity conditions, including hypertension, diabetes, sleep apnea, poor self-esteem and depression. Some of the primary factors contributing to obesity in children include diet habits and lack of exercise. The primary social determinants of health addressed are Education Access and Quality, Social and Community Context, Healthcare Access and Quality, and Neighborhood and Built Environment. Many of our Club members are growing up in environments that lack social and economic opportunities. This puts them at higher risk for negative health outcomes as adults. By taking health and wellness beyond simple physical activity and nutrition, youth can take advantage of the positive opportunities provided in the Boys & Girls Club that will bring about positive change in themselves. Triple Play also provides Health Literacy. As low health literacy is prevalent amongst populations with low socioeconomic status, our kids and families benefit from the knowledge gained. Health literacy will also increase as they gain access to healthy foods and learn healthy eating patterns through nutrition education, as well as daily healthy meals and snacks we provide. Triple Play also teaches about a healthy mind, including dealing with mental health issues. Through Triple Play, youth develop social cohesion. The benefit of Triple Play is not only in just the program itself, but the context of the program being delivered within the Boys & Girls Club. The staff role models have a profound effect on our kids. Youth and families also benefit from the wraparound services we can provide.

Statement of Need/Problem - Others

We are not aware of any other programs in our community that offer daily, low/no cost programs that provide youth with nutrition education, physical activities and positive social interactions/social emotional learning.

Program/Services Description - Program Entry

All youth who are members of Boys & Girls Clubs of North County can participate in the Triple Play program. In order to enroll as a member, a parent/guardian needs to complete a simple membership registration packet and pay our \$30 annual membership fee, although more than one-third of our members have this fee scholarshipped. Once a youth is a member, they can attend our Club every day after school and all day during the summer. Our Triple Play program is offered as a program option several time throughout each week, so a child simply needs to choose that program to participate in during an activity block. Throughout the course of our program, staff members work to understand the needs of the youth and their families. If additional resources are needed, such as healthy food, additional counseling services, etc., staff are able to link families with these resources in our

community through our connections with other non-profit agencies, governmental entities and the local school districts.

Program/Services Description - Program Activities

Triple Play is a multi-faceted program designed to help young people become healthy, active and learn new ways to handle stress, maintain a healthy body and form positive relationships. This comprehensive approach includes three major components that focus on different aspects of healthy living: Mind-Healthy Habits provides a wide-ranging approach addressing nutrition, education and fitness. This approach incorporates healthy living and active learning into every part of the Club experience, from the gym to the learning center to the arts and crafts room. Daily healthy snacks and meals are provided to model good nutritional patterns for our youth. Cooking Club helps kids learn to create their own healthy meals. Body-These elements promote fun with a purpose and physical fitness year-round in a non-competitive, challenging environment. These sports, fitness and recreation programs are designed to get members up and active through daily challenges, games and tournaments to strengthen their body. Soul-Triple Play consciously incorporates elements of the Youth Development Strategy, which are belonging, usefulness, influence and competence. Social recreation utilizes the games room and other group game experiences to teach and reinforce social and ethical skills that young people need to become successful adults, including Social-Emotional Learning experiences. The progression of Triple Play activities are designed to build on knowledge over time, but still be able to stand alone as one-time activities. While each program component can stand alone, integrating them allows Club members to create lasting and powerful benefits. The theory of change for Triple Play describes the processes and outcomes of the program. Short term outcomes include improved knowledge of healthy habits, good nutrition and physical fitness; increased physical activity; and increase positive interaction with all youth. Intermediate outcomes are better nutrition; more youth meeting standards for vigorous activity; and more youth with healthy relationships with peers and a stronger sense of mastery and control. While providing fun and engaging activities for youth, Triple Play also helps youth build vital skills in impulse control, self-efficacy, selfconfidence and decision making, as well as relationship building, teamwork and empathy. Triple Play is delivered to youth in a Boys & Girls Club environment with supportive and caring staff mentors and provides health promotion through practices that enable young people to develop social and emotional development skills that are critical in all aspects of their future health and development. A study conducted on the Triple Play program, delivered in a Boys & Girls Club setting, yielded the following results: A majority (66%) of Club youth report eating two or more servings of fruit per day, compared to 32 percent of youth nationally.-Two times as many Club kids consume three or more servings of vegetables everyday (32% compared to 15% nationally)-After participating in Triple Play, the number of Club members who engages in vigorous activity for an hour or more at least five times per week increased by 35% (no change among control group). Each day youth members attend the Boys & Girls Club, they will participate in at least one component of Triple Play.

Program Goal #1

To improve the overall health of youth members of Boys & Girls Clubs of North County, specifically working to prevent obesity and diabetes, high blood pressure and hypertension while increasing social supports for youth and families, availability of healthy food/nutrition education and health literacy.

Program Objectives - Goal #1

3

Program Outcomes/Measurables - Goal & Objectives #1

Hiring and training logs will be kept for each site. Staff members will receive an orientation upon

hire to familiarize them with the Boys & Girls Club, our programs and our expectations. Staff will also receive an annual training specifically on the Triple Play program, its implementation and program curriculum. Participation counts will be kept at each site each day to track the achievement of our goal to reach 400 youth. Staff members will track participation on roll sheets, which will be accumulated and reported centrally each month, then compiled in preparation for grant reporting. In the spring, youth participants over the age of 9 will complete the National Youth Outcomes Initiative survey. This tool developed by Boys & Girls Clubs of America measures the impact of our programs. From this survey we can determine the wide range of impacts we are having on our youth including: fruit and vegetable consumption, water consumption, physical activity participation, ability to cope with challenges, identifying emotions, impulse control, problem solving, relationship building, self-efficacy and empathy. Responses in these areas will demonstrate the impact that Triple Play is having on our youth participants. Participation counts and other documentation will be kept on the family night events held three times each year at each site. Staff will track attendance using roll sheets, which will be accumulated and reported centrally each month, where the data will be compiled in preparation for grant reporting. Other documentation, such as flyers and photos, will also be collected centrally.

Our numbers of youth would be greatly decreased, as well as the amount of the activities we are able to provide. We would also not have funding for specific program supplies, which would create a lack of program quality.

# **General Information**

In general, for taxable years beginning on or after January 1, 2015, California law conforms to the Internal Revenue Code (IRC) as of January 1, 2015. However, there are continuing differences between California and federal law. When California conforms to federal tax law changes, we do not always adopt all of the changes made at the federal level. For more information, go to **ftb.ca.gov** and search for **conformity**. Additional information can be found in FTB Pub. 1001, Supplemental Guidelines to California Adjustments.

The instructions provided with California tax forms are a summary of California tax law and are only intended to aid taxpayers in preparing their state income tax returns. We include information that is most useful to the greatest number of taxpayers in the limited space available. It is not possible to include all requirements of the California Revenue and Taxation Code (R&TC) in the instructions. Taxpayers should not consider the instructions as authoritative law.

## A Purpose

Use form FTB 3885F, Depreciation and Amortization, to compute depreciation and amortization allowed as a deduction on Form 541, California Fiduciary Income Tax Return, Form 109, California Exempt Organization Business Income Tax Return, or Form 199, California Exempt Organization Annual Information Return. Attach form FTB 3885F to Form 541, Form 109, or Form 199.

Depreciation is the annual deduction allowed to recover the cost or other basis of business or income producing property with a determinable useful life of more than one year. Land is not depreciable.

Amortization is an amount deducted to recover the cost of certain capital expenses over a fixed period.

# **B** Federal/State Differences

California law has not always conformed to federal law regarding depreciation methods, special credits, or accelerated write-offs. Consequently, the recovery periods and the basis on which the depreciation is calculated may be different from the amounts used for federal purposes. Reportable differences may occur if all or part of your assets were placed in service:

 Before January 1, 1987. California disallowed depreciation under the federal Accelerated Cost Recovery System (ACRS). California depreciation is calculated in the same manner as in prior years for those assets.

- On or after January 1, 1987. California provides special credits and accelerated write-offs that affect the California basis for qualifying assets. California does not conform to all the changes to federal law enacted in 1993. Therefore, the California basis or recovery periods may be different for some assets.
- On or after September 11, 2001. California has not conformed to the federal Job Creation and Worker Assistance Act of 2002 which allows taxpayers to take an additional first year depreciation deduction and Alternative Minimum Tax depreciation adjustment for property placed in service after September 10, 2001.

#### **INDEPENDENT AUDITOR'S REPORT**

#### To the Board of Directors and Audit Committee of Boys and Girls Clubs of North County

We have audited the accompanying financial statements of Boys and Girls Clubs of North County, a nonprofit organization, which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with accounting principles generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the corporation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Boys and Girls Clubs of North County as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **BOYS AND GIRLS CLUBS OF NORTH COUNTY**

NOTES TO FINANCIAL STATEMENTS

June 30, 2020

#### Note 1. <u>Nature of Organization</u>

Boys and Girls Clubs of North County is a California non-profit agency established in 1962. Our mission is to provide a safe, caring environment in which youth can develop self-esteem, leadership skills, and enjoy educational and recreational activities under supervised programs. Boys and Girls Clubs of North County's main facility is located in Fallbrook, California.

#### Note 2. <u>Summary of Significant Accounting Policies</u>

#### **Basis of Presentation**

Boys and Girls Clubs of North County's financial statements have been prepared on the accrual basis of accounting.

#### Cash and Cash Equivalents

Boys and Girls Clubs of North County has defined cash and cash equivalents as cash in banks and highly liquid investments with an original maturity of three months or less.

#### **Receivables and Credit Policies**

Accounts receivable consist primarily of noninterest-bearing amounts due for program services. Boys and Girls Clubs of North County determines the allowance for uncollectable accounts receivable based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Accounts receivable are written off when deemed uncollectable. Management determined that no allowance for doubtful accounts was necessary as all items were received subsequent to year end.

#### **Property and Equipment**

Property and equipment additions are recorded over \$2,500 at cost, or if donated, at fair value on the date of donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from 3 to 40 years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful life of the asset or the lease term. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any resulting gain or loss is included in the statements of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

Carrying values of property and equipment are reviewed for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2020.

#### Note 2. <u>Summary of Significant Accounting Policies (continued)</u>

#### Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

*Net Assets With Donor Restrictions* – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

#### **Revenue and Revenue Recognition**

Revenue is recognized revenue from services when the services are provided. We record special events revenue equal to the cost of direct benefits to donors, and contribution revenue for the difference. All services are transferred at a point in time.

Revenue is recognized as contributions when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. Our federal and state contracts and grants are conditioned upon certain performance requirements and the incurrence of allowable qualifying expenses.

#### **Donated Services and In-Kind Contributions**

Volunteers contribute significant amounts of time to our program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods and services are recorded at fair value at the date of donation. No significant contributions of such goods or services were received during the years ended June 30, 2020.

#### Advertising Costs

Advertising costs are expensed as incurred.

#### **Functional Allocation of Expenses**

The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

#### Note 2. <u>Summary of Significant Accounting Policies (continued)</u>

#### **Income Taxes**

Boys and Girls Clubs of North County is organized as a California nonprofit corporation and has been recognized by the IRS as exempt from federal income taxes under IRC Section 501(a) as an organization described in IRC Section 501(c)(3), qualify for the charitable contribution deduction under IRC Section 170(b)(1)(A)(vi), and has been determined not to be a private foundation under IRC Sections 509(a)(1). Boys and Girls Clubs of North County has reviewed its position for all open tax years and believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

Boys and Girls Clubs of North County's federal and state Exempt Organization Tax Returns are subject to examination, generally for three years after they were filed for federal returns and four years for state returns.

#### **Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, and those differences could be material.

#### Financial Instruments and Credit Risk

Boys and Girls Clubs of North County manages deposit concentration risk by placing cash with financial institutions believed by Boys and Girls Clubs of North County to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, Boys and Girls Clubs of North County has not experienced losses in any of these accounts. Credit risk associated with accounts receivable is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from governmental agencies supportive of our mission.

#### Subsequent Events

We have evaluated subsequent events through January 20, 2021, the date the financial statements were available to be issued.
