Program Objectives

Objective 1: Improve family functioning and decrease family stress by providing customized case management services and parent coaching.

Objective 2: Decrease social isolation and increase connection to a community of supports by providing monthly support groups and quarterly educational workshops.

Objective 3: Provide effective case management and support services that meet the needs of grandfamilies and their grandchildren, in order to create an environment where the full potential for health and well-being can be met.

Program Outcomes/Measurables

Outcome Measure 1: 22 grandparents have been connected to over 56 community resources and received guidance and parent coaching over the fourth quarter. Year to date we exceeded our goal and provide 36 grandfamilies with a total of 224 connections to needed resources through case management services.

Outcome Measure 2: Our 4th quarter workshop was an opportunity to connect families to a community of providers at a resource fair and backpack give away conducted in association with County of San Diego Health Human Services. The event was attended by over 49 families and was very well received. Events that offer social opportunities coupled with resource and educational receive the best feedback and attendance.

Outcome Measure 3: 100% of respondents rated their satisfaction with services as 9 or 10 on a 10 point scale, and 100% would recommend the service to a friend or family member.

Grandparents Raising Grandchildren

Success Stories: Quarter 4 - June 2023

ONELIA

Onelia has been part of our program since it first began. She has been raising her granddaughter since infancy.

Onelia has valiantly endured many life struggles as a grandparent raising a grandchild – surgeries, IEP advocacy, getting her son into rehabilitation, moving, extraordinary expenses, and the death of a dear friend – all while working full-time as a caretaker for the elderly. Recently, her granddaughter's 12 year old friend was a passenger in his parents' car when they were hit by a drunk driver. Tragically the young boy succumbed to his injuries.

Onelia knows our Program Coordinator is a phone call away. She has received technical support to navigate the school system, referrals for needed community services for herself and her granddaughter, and help finding a facility for her son. Most importantly, she credits the emotional support she receives on a regular basis as a lifeline that has sustained her over some of the most trying times and helped keep her family intact.

Grandparents Raising Grandchildren Program Coordinator Graciela Moreno, recognized as Public Health Champion by the County of San Diego

Congratulations to Graciela Moreno on her selection as a recipient of the 2023 Live Well San Diego Annual Public Health Champion award. Graciela was named as the North Inland Regional recipient. This honor is bestowed on behalf of the Public Health Services department in the County of San Diego Health and Human Services Agency in recognition of her "extraordinary achievement in promoting the health of San Diego County residents through supporting families with finding support and resources, but also hosting events focused on bettering the health and wellness of caregivers, many who are HIspanic/Latino."

As part of the County's celebration of National Public Health Week, a special award ceremony and reception was held on Monday, April 3, to honor award recipients.

For over 13, Graciela has been a change maker working for Palomar Family Counseling Services. She has helped provide resources and support to many families while working as a Senior Case Manager for the County funded CSED and FSP programs. Her continuous efforts and dedication earned her the position as the Program Coordinator for Palomar Family Counseling's *Grandparents Raising Grandchildren Program*, a new service providing support groups, case management, and educational and social events for grandparents raising their grandchildren living in Rainbow, Bonsall, Del Luz, and Fallbrook, who are unable to access the County's Kinship program. Graciela has been the key factor in the development and implementation of this service funded by the Fallbrook Regional Health District.

"I have been working with families for as long as I remember, including working at a thrift store giving away clothing to people in need in my hometown – 'the friendly village' of Fallbrook", said Graciela. Her inspiration comes from her mother, who was also a changemaker within the community and she recalls, "my mother inspired me every day by being active in the community and dropping off coffee and Mexican bread to homeless individuals".

Graciela has been able to take this same love that she learned from her mother and share it with the rest of the community. In the Grandparents Raising Grandchildren program she identifies that she "has a great connection with families and loves providing resources that will change their lives and meet their needs. I know grandparents and grandchildren will succeed by having access to available resources. I provide valuable support to every family and do my best to guide them with respect and dignity. My future goals are to continue to work in my community with families so they can have access to available resources, maintain a positive outlook, engage in self-love, and establish community engagement".

Graciela's work with grandparents was specifically cited at the ceremony.

The event was livestreamed on YouTube: https://www.youtube.com/live/sxqkebzz5s0?feature=share&t=5038

PFCS featured this story in a recent blog post on the website and on social media.
