Present: Directors Stephen Abbott, Bill Leach, Barbara Mroz, Howard Salmon and Gordon Tinker.
Also present: Executive Director Bobbi Palmer, Legal Counsel Blaise Jackson

B. ADDITIONS TO AGENDA
None

C. PRESENTATIONS
C1. Crestwood Behavioral Health, Inc.
President Tinker introduced Patti Blum, Ph.D., Regional V.P. and Operations Director for Crestwood Behavioral Health, Inc. She provided a history of when and how Crestwood Behavioral Health, Inc. began. She said there are currently two Crestwood facilities in San Diego. If approved to purchase the former hospital building, they will call it the Fallbrook Healing Center and it will be an inpatient mental health rehabilitation center. Crestwood’s Vision is to create a continuum of services that will empower clients to live and succeed in their community. Their values include family, compassion, commitment, enthusiasm, flexibility, collaboration and character. Dr. Blum said mental health issues such as depression and suicide affect one out of every four families in our county. Crestwood Behavioral Health is a fully-accredited Sacramento -based healthcare provider, founded in 1968. Benefits to the community include that Crestwood plans to invest more than $2 million to transform the abandoned Fallbrook Hospital building into a much-needed treatment center; construction related activities will provide an immediate economic boost to the community and Fallbrook Healing Center will create more than 108 permanent jobs for residents of Fallbrook and surrounding communities, as well as benefits to local vendors and suppliers. Following Dr. Blum’s presentation, she answered questions from the audience. When asked about Crestwood’s success rate, she responded that their success rate is 86-88 percent. Her complete presentation is available on our website at fallbrookhealth.org.

D. BOARD MEMBER AND PUBLIC COMMENTS
D1. Board recap of questions raised at April Board Meeting
President Tinker and legal counsel noted that the questions asked at the April Town Hall/Board meeting and from a Coffee Chat held subsequent to the meeting had been typed and displayed on the back table with answers and supporting documents.

D2. Public Comment
Debra Lorenzen of North Inland Community Prevention Program (NICPP) addressed the Board regarding upcoming activities in the community. She said she works with youth in Fallbrook and on Memorial Day weekend the youth will be placing stickers on 12-packs or more of beer which remind purchasers to refuse to buy these products for youth noting that underage drinking is to be discouraged. In addition, on June 3rd at the Community Center, the NICPP is sponsoring a Youth Advocacy Leadership Event (YALE) which teaches youth leadership skills, drinking and drug use prevention and how to be an advocate in these matters for their peers. She invited one of the members of the FRHD Board of Directors to join them and perhaps address the youth.

Robert (Bob) Leonard had provided a list of comments and questions for the Board. (See attached). He read his multiple questions which included questions about the Contingency Plan and noted a housekeeping item regarding the District’s bylaws. President Tinker invited Mr. Leonard to come to the District office and meet with him and the executive director at which time they would answer his questions.

Timothy Murphy, M.D., a psychiatrist who has lived in Fallbrook for 31 years and is the immediate past president of the California Psychiatric Association was the next person to address the Board. He said it is a national tragedy that the largest institution housing most mentally ill people is our jails and prisons. Many are also on the streets due to lack of adequate care and residential facilities like Crestwood provides. He said this facility would be a great benefit to the mentally ill, and he appreciates that the County is moving forward to fund this facility.

She attended a six-hour workshop at Pala Mesa providing information about *The Pharmacy in your Kitchen*. Lastly, Bobbi Palmer said she and some members of the Board of Directors attended Legislative Day in Sacramento and met with legislative representatives.

F5. General Counsel – Blaise Jackson

Other than anticipated comments on the action item, Legal Counsel Blaise Jackson said he had no report.

G. DISCUSSION/ACTION ITEMS

G1. Consideration of Approval of Purchase & Sale Agreement for 624 E. Elder St. property – Crestwood Behavioral Health, Inc.

President Tinker reviewed the past two and a half years of Board activity in regard to the closure of Fallbrook Hospital in December of 2014 and its possible use or sale. Multiple interested parties contacted the District with interest in leasing or purchasing the building for a variety of uses. None were able to conclude the transaction, again for a variety of reasons. President Tinker said the Board of Directors is pleased that Crestwood Behavioral Health has pursued its interest in the purchase of the building. He asked legal counsel if he had any comments.

Legal Counsel Blaise Jackson said per the Health and Safety Code (32121[p]), any transfer of more than fifty percent of the District’s assets would require a vote of the public. Since the property being considered for sale (the hospital building and parking lots at 624 E. Elder) does not include the building at 138 S. Brandon or the building at 617 East Alvarado, and does not include the personal property/equipment at the facility, a vote is not required, as the $4.5 million sale price constitutes only thirty-eight percent of the District’s assets. He also said the $4.5 million sale price is consistent with valuation of the property made by the licensed appraiser retained by the district. In addition, he noted there would be no transfer of the existing hospital license to this new facility. If the Board of Directors votes to approve the proposal for the sale of the building to Crestwood Behavior Health, which has been negotiated and vetted, the escrow would open in a matter of days, and escrow would be one to two months. Director Abbott commented that this decision has been thoroughly vetted and he believes the decision to approve the proposal from Crestwood Behavioral Health is a good decision for Fallbrook. He added that he believes it is the highest and best decision the Board can make and he is very comfortable with the decision. It will also benefit ER wait times in the area.

**Action:** It was moved by Director Abbott, seconded by Director Salmon to approve the Purchase and Sale Agreement with Crestwood Behavioral Health, Inc. for the purchase of the building and parking lots at 624 E. Elder Street for the price of $4.5 million. Motion carried 5-0.
