GOALS & OBJECTIVES

Goal 1 & Objectives: From your application, please provide your measurable outcomes for each of your stated objectives.

Unfortunately, due to State mandated restrictions, we have been unable to host any in person support groups. However, our groups are available via zoom for all to attend. Six Fallbrook clients attended 12 virtual support groups.

Michelle's Place helped 32 clients this quarter with 62 services. To date we have helped 89 clients with 208 services from Fallbrook. I expect we will exceed our objective of reaching 120 cancer patients this year.

We continue to provide a Patient Navigator onsite once a week in the FRHD offices. Several clients have visited the office for direct service.

Goal 2 & Objectives: From your application, please provide your measurable outcomes for each of your stated objectives.

Unfortunately, due to State mandated restrictions, we have been unable to host educational seminars or host a mobile mammography event. We hope to have the opportunity to attend and host these events by end of year.

Our patient navigators continue to call and visit local providers to ensure they are aware of our services. We attend the virtual Chamber events and send information to local providers about our resources.

Our Spanish speaking patient navigator, Laura Lawrence, has been working with a representative from Fallbrook Family Health Center. The Health Center has been co hosting our Spanish speaking virtual support group. They offer educational opportunities and mental health support. We look forward to continuing this relationship and growing the educational opportunities.

PARTICIPANT SUCCESS STORY

Participant Success Story:

Client called in need of financial assistance. She originally received PRA (Pink Ribbon Assistance - Financial assistance program) in November 2020 and was not eligible for another grant. She had exhausted all of her unemployment funds and was in a tight bind. She was unaware that she could apply for SSDI but had to wait for a few weeks for those funds to come in. I mailed her \$100 Stater Bros card, \$50 gas card, and a \$100 Texas Roadhouse gift card. Client was extremely grateful and made a small donation to MP at a later date to thank us: The thank you card received reads as follows:

"Your help and guidance over the last 4 months have helped greatly as we just moved here from OC and didn't know where to turn or what resources were available. We are so happy that the City of Hope

referred us to you. You have been a Godsend and helped to relieve some stress from our lives. Thank you for the thoughtful care package you sent with the Stater Bros and Texaco gas card and the "surprise gift card to Texas Roadhouse. This place is delicious and we are able to use it for a couple of meals".

Because of the funds from the FRHD, we able to provide temporary financial assistance to our clients in the form of grocery and gas cards. As you can see from this thank you note, every little bit helps and is greatly appreciated.

ACKNOWLEDGEMENT

Please describe how the Fallbrook Regional Health District's investment in this program was acknowledged during this reporting timeframe.

Michelle's Place continues to do outreach in the community to highlight the partnership between FRHD and Michelle's Place. Currently, we attend the Chamber events virtually to talk more about what we do in Fallbrook and the partnership we have with the District.
