

# 2020-2021 COMMUNITY HEALTH CONTRACT (CHC) GRANT IMPACT REPORT

**Organization Name** Fallbrook Smiles Project

**Program Name** Celebrate Health

**Person submitting the impact report** Janine Loescher

**Ages: List the percentages of your program participants' ages who received services during this reporting time frame.**

	Percentage served
Children (infants to 12)	100
Young Adults (13-18)	
Adults (18-60)	
Seniors (60+)	
Unknown	

**Gender: List the percentages of your program participants' gender identification who received services during this reporting time frame.**

	Percentage served
Female	48
Male	52
Non-binary	
Unknown	

**Income: List the percentages of your program participants' income limit category of those who received services during this reporting timeframe (2019 HUD – AMI Income limits: 4 person family).**

	Percentage served
Extremely Low-Income (ceiling of \$32,100)	
Very Low (50% Income (ceiling of \$53,500)	
Low (80%) Income (ceiling of \$85,600)	
Higher than listed limits	

	<b>Percentage served</b>
<b>Unknown</b>	100

**How many District residents directly benefited (participant/client) from this program:** 693

## GOALS & OBJECTIVES

**Goal 1 & Objectives: From your application, please provide your measurable outcomes for each of your stated objectives.**

Define goal #1 for this program Conduct activities that improve child and adult health in the community.

Objective 1 Co-facilitate, with the FRHD, monthly Community Collaborative for Health and Wellness (CCHW) meetings, except for December.

Objective 2 Offer:

-school based dental screenings, fluoride varnish application and education to 2nd graders in the Fallbrook Elementary School District and Bonsall School District.

-school based dental screenings to kinders and 1st graders in the Fallbrook Elementary School District and Bonsall School District who need their oral health assessment form completed

-conduct school based dental screenings and education to all students at Vivian Banks and Vallecitos Schools.

Objective 3 Offer BMI and blood glucose screening to 5th and 7th grade children in the Fallbrook Elementary School District.

Objective 4 Conduct community based health screenings.  
Measuring Success for Goal #1 Goal 1, Objective 1:

-Quarter 3, 3 CCHW meetings held

Goal 1, Objective 2:

-Quarter 3, 75% of the Fallbrook School District school screenings/education are completed and the remaining 25% are scheduled.

Goal #1, Objective 3:

-Quarter 3, complete at least 75% of the school based BMI/blood glucose screenings and schedule the other 25%.

Goal 1, Objective 4:

-Quarter 3, complete at least 2 health screenings

Outcomes:

Goal 1, Objective 1: Three CCHW meetings were held (January, February and March 2021) in conjunction with the Fallbrook Regional Health District.

Goal 1, Objective 2: Due to COVID-19, the school districts remain with altered schedules. Fallbrook Smiles Project has not been able to provide our usual dental screenings and education. The alternative has been to give the Fallbrook and Bonsall School Districts dental “goody” bags to be handed out to each 2nd grade student. These goody bags consisted of a youth toothbrush, toothpaste, flossers, a two minute brushing timer and dental themed pencil. In addition, each 2nd grade teacher was provided with information including dental curriculums they may use to teach, movie links, activity sheets, information about dental providers in our area as well as the restorative dental care program. At Vivian Banks school in the Bonsall District, all students, regardless of grade level, received a dental goody bag and all teachers were provided the information. This was done because this is a small school with high need. Participant data has been received from all schools in the Fallbrook and Bonsall School Districts except for one school. Data was not received totally for the Quarter 2 Report so that data has now been added to this report. The Vallecitos School District has declined services from Fallbrook Smiles Project.

Goal 1, Objective 3: Due to the COVID-19 schedule changes in the Fallbrook School District, we have not been able to schedule the BMI/blood glucose screenings in the schools.

Goal 1, Objective 4: Due to COVID-19, we have not been able to provide any community health screenings this quarter. We had a screening and senior health education presentation planned with the Fallbrook Senior Center for February, March and April, however, all had to be cancelled as the CSUSM Nursing Students were called away to provide COVID-19 vaccinations.

The restorative care dental program has continued to provide services to a patient who started their care in Quarter 2.

**Goal 2 & Objectives: From your application, please provide your measurable outcomes for each of your stated objectives.**
