

**2019-2020 COMMUNITY HEALTH CONTRACT**

357 Physical, Occupation, Speech and Behavioral Therapy Program

*Quarter 1 (July-September) Reporting Form*

**Goal 1**

Provide the residents of the district a comprehensive equine-assisted therapy program that can focus on all physical, mental and emotion needs of our students.

**S.M.A.R.T. Objective 1a**

We will evaluate each student, set goal for the therapy and report to FRHD the quarterly results.

**Projected Cost:**

**Contract Dollars Expended to Date:**

\$15,000

\$14,581.10

**Progress/Accomplishment of Goals & Objectives**

**Goal and Objectives:**

We are grateful to have received the funds to provide this valuable service to the special needs community of the District through our Physical, Occupational, Speech and Behavioral Program.

At REINS, with this funding, we have evaluated and assigned all district resident students to their instructor and equine partner for the quarter. Each lesson has been tailored to the specific needs of the student based on their abilities and challenges. We work on meeting the physical, occupational, speech, behavioral, and emotional needs of each student.

Our PATH certified Instructors have set and documented the progress of 1-3 goals for each student. We have also scheduled sessions with our consulting Physical, Occupational and Speech Therapists to advise the instructors on their goals and lesson planning. This quarter covered 8 weeks of lessons per student (we did take a Summer break in August). Attached you see the list of the residents enrolled during this quarter and an update on their goals and goals met.

**Impact Narrative:** Story from a District Resident :

There's a certain smile.

A particular smile.

A sweet, look at me smile, that I only see at REINS.

We are so very grateful to all that give their time, energy, grace and financial contributions to REINS. Audrey Marie is growing into a confident, mature young lady. Part of this confidence has come from her years riding. She understands it's a very special thing to learn to ride. She understands the unique opportunity. We are extremely grateful for the financial assistance of a scholarship. I've captured that beautiful REINS smile in photos over the years and will cherish them for many years to come.

Sincerely,

Naomi Monthei

Mother of Audrey, Age 13, Diagnosis: Speech Delay & Anxiety Disorder

# NEWSLETTER

Fall 2018

Annabelle's first visit to REINS in September. After a little reassurance,

"Faith is taking the first step  
you don't see the whole stair-  
case."
