Trail maps have been created. Printing is on hold while we update kiosks and re-design trailhead outreach methods to reach a broader audience. We are also working on translating maps and trailhead information into Spanish language.

## PARTICIPANT SUCCESS STORY

### Participant Success Story:

There was a time when a young girl moved to this town for love. She had no money, no friends, no family and no job. After the birth of her baby, and 80 pounds overweight, she discovered the Los Jilgeuros Preserve. It was there she started walking, enjoying the Coast Live Oak trees, the smell of the air when the weather changed, and the birds that gathered at the pond. Slowly, she started running, and lost weight while gaining confidence, perspective and mental clarity. Sixteen years later, she still goes there weekly to do the same. The beauty and simplicity of the Los Jilgueros Preserve played a huge part in her transformation. She is truly grateful for the group of volunteers and donors who help maintain this wonderful haven. Thank you.

## ACKNOWLEDGEMENT

**Please describe how the Fallbrook Regional Health District's investment in this program was acknowledged during this reporting timeframe.**

FRHD was acknowledged via FLC e-newsletters to our membership and mailing list, in various Facebook and Instagram posts, and verbally to members and donors.

**Acknowledgment example: please upload an example of one method in which the District was acknowledged.**

## **BUDGET**

**Please upload a copy of the program budget you submitted with the application, with an additional column demonstrating the current utilization of grant funds.**

**Please explain any significant differences in budget or services during this quarter. What if any changes were made to address programming challenges.**

No significant changes occurred. Preserve maintenance has increased since the beginning of the covid-19 pandemic, as the preserves has seen an increase in usage of approximately 35% each from pre-pandemic usage.
