	Percentage served
Extremely Low-Income (ceiling of \$32,100)	
Very Low (50% Income (ceiling of \$53,500)	
Low (80%) Income (ceiling of \$85,600)	
Higher than listed limits	
Unknown	100

How many District residents directly benefited (participant/client) from this program: 25

Approximately how many residents received an indirectly benefit (# of those benefiting from the participant receiving the service) from this program: 32

GOALS & OBJECTIVES

Goal 1 & Objectives: From your application, please provide your measurable outcomes for each of your stated objectives.

Unfortunately, because of COVID-19 Michelle's Place is unable to host an in-person support group. However, 19 Fallbrook clients attended our virtual support groups this quarter. Michelle's Place helped 25 cancer patients with 62 services this quarter. Total to date is 57 cancer patients and 146 services.

We continue to provide a Patient Navigator onsite once a week in the FRHD offices. Several clients visited the office for direct service. Ten families received Thanksgiving meal boxes, 10 children and 4 adults received Christmas Santa sacks through our holiday program.

Goal 2 & Objectives: From your application, please provide your measurable outcomes for each of your stated objectives.

Unfortunately, due to Covid-19 we have been unable to host any live educational seminars or events. We hope to have the opportunity to attend and host these events in 2021.

Our patient navigators continue to call and visit local providers to ensure they are aware of our services. We attend the virtual Chamber events and send information to local providers about our resources.

PARTICIPANT SUCCESS STORY

Participant Success Story:

As highlighted in the picture below, we were able to provide Thanksgiving meals to clients in Fallbrook this year. The picture highlights several of those clients receiving their meals that they picked up at the FRHD office. One of them came with a homemade thank you sign. Ten clients received Thanksgiving meals this year.

Participant Success Story:

ACKNOWLEDGEMENT

Please describe how the Fallbrook Regional Health District's investment in this program was acknowledged during this reporting timeframe.

Michelle's Place posted several posts on our various social media channels about our new presence in our office located within the FRHD building. Attached are two of those posts. We continue to do outreach in the community where we can. Our Executive Director, Kim Gerrish, was the Fallbrook Women's Club monthly speaker in October. In December, Michelle's Place was chosen as the Fallbrook Chamber of Commerce charity for donations. Michelle's Place set a display at the Chamber office with information about our services. Michelle's Place continues to seek outreach opportunities to share with the community about our partnership with FRHD.

Acknowledgment example: please upload an example of one method in which the District was acknowledged.

BUDGET

Please upload a copy of the program budget you submitted with the application, with an additional column demonstrating the current utilization of grant funds.

Please explain any significant differences in budget or services during this quarter. What if any changes were made to address programming challenges.

COVID-19 significantly impacted our education and outreach program. We have been unable to provide in person seminars on prevention and screenings. We have also been unable to host a mobile breast screening event. We hope to begin providing these resources again this year.

In response to this change, we decided to provide a Patient Navigator onsite at the offices of the FRHD. This provides the opportunity for cancer patients to receive one on one support.

There are no significant changes to our budget.
