## **INDEPENDENT AUDITORS' REPORT**

To the Board of Directors  
of the Fallbrook Healthcare District  
Fallbrook, California

### **Report on Financial Statements**

We have audited the accompanying financial statements of the Fallbrook Healthcare District (the "District") as of and for the year ended June 30, 2013, which comprise the statement of net position as of June 30, 2013, and the related statements of revenues, expenses and changes in net position and cash flows for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District, as of June 30, 2013, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

To the Board of Directors  
of the Fallbrook Healthcare District  
Fallbrook, California  
Page 2

**Other Matters**

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 8 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Required Supplementary Information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

A handwritten signature in black ink that reads "Ron Mc Geady" followed by "LLP". The signature is written in a cursive, slightly slanted style.

San Diego, California  
September 20, 2013

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

The Fallbrook Healthcare District (District) has issued its financial statements for the fiscal year ended June 30, 2013 in conformity with the format prescribed by the provisions of Government Accounting Standards Board Statement No. 34 (GASB 34). This report, Management's Discussion and Analysis, is an overview of the financial activities for the fiscal year and is an integral part of the accompanying Basic Financial Statements.

### **ACCOUNTING METHOD**

The District's operations are accounted for as an Enterprise Fund. Enterprise Funds are used by government agencies to account for operations which are financed and managed in a similar manner to private business enterprises, where the costs and expenses (including depreciation) of providing services to the public on a continuing basis are recovered primarily through user charges. The District receives property tax revenues. The District's revenues and expenses are recognized on a full accrual basis; revenues are recognized in the period incurred. All assets and liabilities associated with the activity of the enterprise are included on the Statement of Net Position.

### **FINANCIAL STATEMENTS**

The financial statements include the Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position (Income Statement) and Statement of Cash Flows. Together with this report, the financial statements provide information about the significant events, assumptions and decisions resulting in the financial performance reflected in those statements.

The Statement of Net Position provides information regarding the financial position of the District, including its capital assets and debts.

The Statement of Revenues, Expenses and Changes in Net Position (Income Statement) provides information regarding the revenues received by the District, and the expenses incurred in carrying out the District's programs. The ultimate focus of the income statement is the balance of effective current use of funds and planning for the future, as reflected by the amount of net income generated for the fiscal year.

The Statement of Cash Flows provides information regarding the sources and uses of the cash which flowed into and out of the District as a result of its operations and financing decisions.

### **FINANCIAL ACTIVITIES & FISCAL YEAR 2013 HIGHLIGHTS**

#### **The Statement of Net Position**

The District is a government entity operating under the Local Health Care District Law. In 1950, the residents of the area voted to establish, build and operate Fallbrook Hospital. In 1971, the hospital was enlarged to its present 47-bed capacity.

Since November 1998, the hospital has been leased under a 30-year agreement to Community Health Systems (CHS). The transaction was approved overwhelmingly by over 95% of District voters. A condensed version of the Statement of Net Position is presented below and the changes which occurred between Fiscal Year ended 2013 and 2012.

	2013	2012	Change
<b>Assets:</b>			
Cash & Investments	\$ 11,083,450	\$ 10,416,885	\$ 666,565
All Other Assets	20,308	156,518	(136,210)
<b>Total Assets</b>	<u>\$ 11,103,758</u>	<u>\$ 10,573,403</u>	<u>\$ 530,355</u>
<b>Liabilities:</b>			
Long Term Liabilities	\$ 19,944	\$ 13,608	\$ 6,336
All other Liabilities	3,702	3,204	498
<b>Total Liabilities</b>	<u>\$ 23,646</u>	<u>\$ 16,812</u>	<u>\$ 6,834</u>
<b>Net Position:</b>			
Net investment in capital assets	\$ 5,377	\$ 2,764	\$ 2,613
Unrestricted	11,074,735	10,553,827	520,908
<b>Total Net Position</b>	<u>\$ 11,080,112</u>	<u>\$ 10,556,591</u>	<u>\$ 523,521</u>

The \$523,521 increase in Total Net Position reflects \$523,521 in net income for the year.

### The Statement of Revenues, Expenses & Changes in Net Position

The District's business is comprised of three major segments:

- Grant Program – The District administers a grant program, giving a portion of the District's annual property tax revenues to non-profit health-related programs serving residents of the Fallbrook, Bonsall and De Luz areas of northern San Diego County.
- Community Health Fair – The purpose of the Fair is to provide health screenings and access to information to residents that are readily accessible in the District for the entire community.
- Community Collaboratives – Representatives of the District's healthcare organizations and interested community members meet to network their programs, and identify, develop and initiate District sponsored health related community programs.

Below is a condensed version of the Income Statement; it summarizes the District's revenue and expenses, and compares Fiscal Year 2013 results to Fiscal Year 2012.

	2013	2012	Change
<b>REVENUES:</b>			
Property tax revenue	\$ 1,465,253	\$ 1,439,546	\$ 25,707
<b>Total revenue</b>	<u>1,465,253</u>	<u>1,439,546</u>	<u>25,707</u>
<b>EXPENSES:</b>			
Grant allocations	663,757	590,731	73,026
Salaries and Benefits	149,496	148,568	928
Administrative services	149,323	125,842	23,481
Depreciation	1,657	2,027	(370)
<b>Total expenses</b>	<u>964,233</u>	<u>867,168</u>	<u>97,065</u>
<b>Operating income</b>	<u>501,020</u>	<u>572,378</u>	<u>(71,358)</u>
<b>NONOPERATING INCOME (EXPENSES):</b>			
Other Income	22,501	80,545	(58,044)
<b>Total nonoperating income</b>	<u>22,501</u>	<u>80,545</u>	<u>(58,044)</u>
<b>Change in net position</b>	<u>\$ 523,521</u>	<u>\$ 652,923</u>	<u>\$ (129,402)</u>

Property taxes drive the District's operations and are its primary source of revenues. The increase of \$25,707 of property taxes reflects a slight turnaround in the real estate market and the general state of the economy within the District's service area.

Total non-operating income decreased by \$58,044 due to the decrease in interest earnings available from investments set aside by the District.

The Grant Allocation increased \$73,026, because the amounts requested and provided through the grant process varies from year to year.

Salaries and benefits increased \$928 due to the net increase in salaries and payroll taxes of \$2,718, the increase of Board stipends of \$4,500, the increase of employee health and welfare of \$822, and the reduced amount of accrued but unpaid vacation and sick pay than was reflected last year, of \$8,040.

### **CAPITAL ASSETS**

At June 30, 2013 the District had \$19,396 in capital assets and \$14,019 accumulated depreciation resulting in \$5,377 net capital assets.

A summary of the activity and balances in capital assets is presented in below.

	Beginning Balance	Additions	Deletions	Ending Balance
Equipment	\$ 7,426	\$ 11,970	\$ -	\$ 19,396
Subtotal	7,426	11,970		19,396
Accumulated depreciation	(4,662)	(9,357)		(14,019)
<b>Equipment, net</b>	<b>\$ 2,764</b>	<b>\$ 2,613</b>	<b>\$ -</b>	<b>\$ 5,377</b>

### **DEBT ADMINISTRATION**

The District has no debt.

### **ECONOMIC OUTLOOK**

The Fiscal Year 2013/2014 budget reflects no increased revenues as property values/taxes are not anticipated to change much. Interest income is projected to increase slightly, as more funds have been invested. Overhead is not expected to increase in the coming fiscal year. Capital expenditures are budgeted at \$0.

### **MAJOR INITIATIVES**

#### **❖ COMMUNITY HEALTHCARE PROGRAMS 2012 - 2013**

Throughout fiscal year 2012-2013, the District sponsored and/or collaborated with local agencies and providers to identify, develop, support and/or deliver no-cost programs for prevention, education, treatment or services for the health and well-being of the residents of the community. Highlights of the Community Healthcare Programs were:

- The Community Collaborative Committee met each month for networking, identifying, assessing healthcare concerns and issues, and gaining information and resources to facilitate access to healthcare, and health promoting programs and services.
- The Fallbrook Community Resource Directory was updated, expanded and distributed to providers, service agencies, schools and churches. In its fifth year, over 12,000 directories were printed and made available to citizens.
- The “Healthcare Hero” program again, through nomination by the community at large, recognized two individuals for their exceptional service and commitment to the health and well-being of citizens of the District community.
- Programs and events co-sponsored by the District also included the annual Prostate Screening (PSA) event, the Healthy Woman “Ladies Night” educational monthly meeting program, and the annual Health and Fitness Fair. Additionally, the District provided promotional support of “Take Back Day” to safely and appropriately dispose of unused/expired medications, plus an Oral Cancer Screening by a local dentist as a detection and prevention measure. A community forum was developed, promoted and presented on the importance and relevance of vaccinations throughout a lifetime. This was done in collaboration with San Diego County Health and Human Services Agency and Public Health. Additionally, flu shots were made available at no cost, to attendees of the forum and to participants at the annual health and fitness fair.
- The Community Collaborative Breakfast, an annual event, was presented by the District for the purpose of the FHD Board of Directors to report to the community, to recognize and extend appreciation to those who work with FHD to deliver programs and services, and to provide a second informative presentation – “Through the Years” – on immunizations.

❖ **2012-2013 GRANT PROGRAMS**

The biggest Community Healthcare Program undertaken each year by FHD is the Grant Program. Only qualified, non-profit, 501c3, agencies may apply. Those who are awarded funding must meet strict criteria and provide comprehensive financial and service reports periodically throughout the grant year.

The District's focus: Prevention, Education, Treatment and Ancillary Services. Twenty-three grants were awarded:

7 Youth programs	\$133,709
4 Seniors	\$125,750
12 All ages	\$387,100

**YOUTH**

- Funding for two (2) health and wellness after-school programs provided throughout the elementary and middle school districts
- Funding for children and youth who do not qualify for Medi-cal or other public services who suffer from severe mental health disorders.
- Funding to address social and emotional needs of students with Asperger’s Syndrome through a designated staff and center

- Funding to continue a preschool ophthalmic screening and eye care program; inclusive of glasses and or need treatment and follow-up care for children ages 2 to 6 years
- Funding to engage youth in proactive prevention of access to and use of alcohol and drugs; and to bring awareness to youth, parents, educators and law enforcement
- Funding to provide a K-12 Safety Program to educate and inspire students to make life-saving choices regarding drugs and alcohol; car, bicycle, water safety and violence.

## **SENIORS**

- Funding to evaluate and assist senior citizens with healthcare and home safety management through in home evaluations, safety checks and resource availability as well as assessments to help guide seniors to keep them living at home, independently.
- Funding to provide a program for senior and disabled residents and their caregivers that provides a secure and safe environment for activities and respite.
- Funding to provide senior and disabled citizens free transportation to medical and dental appointments, physical therapy, grocery stores and pharmacies which assists also in maintain budgets to ensure that medical care and food are accessible priorities.
- Funding to provide nutrition to needy seniors who have mobility and activities of daily living challenges through a home delivered meal program. Program through which needs can be assessed and referral to support programs can be made as identified.

## **ALL AGES**

- Funding to increase access to psychiatric care for persons afflicted with biological brain disorders, behavioral/mental conditions that require medication and/or counseling treatment.
- Funding to provide a wide range of primary care, dental care and preventions services to underserved persons of the District population
- Funding to support the provision of nutritionally balanced supplemental food to those whose income is below the Federal guideline for poverty level.
- Funding to recruit, train, monitor and schedule the volunteer base that provides assistance with over 200 weekly therapy sessions for children and adults; also to fund Speech Therapy to increase receptive and expressive communication capabilities.
- Funding to facilitate a nutrition/diabetes/health education program at the community clinic and to continue health education and diabetes screening services in district schools as well as for seniors.
- Funding to continue and to expand dental care program for restorative and preventive services; and to screen children in local schools for existing or potential decay.
- Funding to continue development and implementation of community outreach to establish appropriate housing and support programs to provide a quality, safe living environment for special needs citizens.
- Funding to support courier program of transportation of District residents to healthcare provider appointments. Only program that will take persons to appointments out of the immediate Fallbrook community.
- Funding to facilitate Homecare Services for low and moderate income seniors and handicapped individuals to assist them to continue to live within their own homes.
- Funding to of program to provide emotional and practical support to victims experiencing a trauma and to first responders. Volunteers dispatched through the 911 system at request of emergency responders. Funds to purchase 5 Physio Medtronic 500 AED Units, plus 5 batteries as well as adult and pediatric pad sets for the Rainbow Volunteer Fire Department for placement in front-line units. Includes training of firefighters in use and maintenance of the units.
- Funding for a contract physician providing services as an On-Call Physician for clinic patients at Fallbrook Hospital for twenty days per month.

During the fiscal year 2012-2013, the District received a total of \$718,174 in grant requests and approved distribution of \$663,757 to qualified applicants. This brings the total amount granted by the District since June 1999 to \$5,331,203.

**NOTES TO THE FINANCIAL STATEMENTS**

**Fallbrook Healthcare District**  
**Notes to the Financial Statements**  
**For the year ended June 30, 2013**

---

**Note 1 – Summary of Significant Accounting Policies**

The financial statements of the Fallbrook Healthcare District (the “District”) have been prepared in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) as applies to government units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District’s accounting policies are described below.

**A. Reporting Entity**

The District, formerly known as the Fallbrook Hospital District, is organized under the provisions of the Health and Safety Code of the State of California to provide and operate health care facilities in Fallbrook, California, an unincorporated area within the County of San Diego, California (“County”).

**B. Basis of Accounting and Measurement Focus**

The financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Net Position, and a Statement of Cash Flows.

In 2013, the District implemented GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. The Statement of Net Position reports separate sections for Deferred Outflows of Resources, and Deferred Inflows of Resources, when applicable.

*Deferred Outflows of Resources* represent outflows of resources (consumption of net position) that apply to future periods and that, therefore, will not be recognized as an expense until that time.

*Deferred Inflows of Resources* represent inflows of resources (acquisition of net position) that apply to future periods and that, therefore, are not recognized as a revenue until that time.

These financial statements are accounted for using the “*economic resources*” measurement focus and the accrual basis of accounting. Accordingly, all of the District’s assets and liabilities, including capital assets, are included in the accompanying Statement of Net Position. The Statement of Revenues, Expenses and Changes in Net Position presents the change in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred. The Statement of Revenues, Expenses and Changes in Net Position presents increases (revenues) and decreases (expenses) in total net position.

Operating revenues are those revenues that are generated from property tax only. All other revenues are reported as nonoperating revenues. Operating expenses are those expenses that are essential to the primary operations of the District. All other expenses are reported as nonoperating expenses.

**C. Investments**

**Investment Valuation**

Highly liquid investments with maturities of one year or less at the time of purchase are stated at amortized cost. All other investments are stated at fair value. Market value is used as fair value for those securities for which market quotations are readily available.

**Fallbrook Healthcare District**  
**Notes to the Financial Statements (Continued)**  
**For the year ended June 30, 2013**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**C. Investments (Continued)**

**State Investment Pool**

The District participates in the Local Agency Investment Fund (LAIF), an investment pool managed by the State of California. LAIF has invested a portion of the pool funds in Structured Notes and Asset-Backed Securities. These Structured Notes and Asset-Backed Securities are subject to market risk as a result of changes in interest rates. LAIF's investments are subject to credit risk with the full faith and credit of the State of California collateralizing these investments.

**CalTrust Investment**

The District also participates in CalTrust, which is a pool of diversified marketable bonds; including federal, federal agency, corporate, and California municipal bonds. The bonds are pooled in a Medium Term account and the pool is managed by Nottingham Investment Administration. CalTrust investments are subject to market risk as a result of changes in interest rates.

**D. Property Taxes**

Property taxes are levied on March 1 and are payable in two installments: November 1 and February 1 of each year. Property taxes become delinquent on December 10 and April 10, for the first and second installments, respectively. The lien date is March 1. The County of San Diego, California ("County") bills and collects property taxes and remits them to the District according to a payment schedule established by the County.

The County is permitted by State law to levy on properties at 1% of full market value (at time of purchase) and can increase the property tax rate at no more than 2% per year. The District receives a share of this basic tax levy proportionate to what it received during the years 1976-1978.

Property taxes are recognized in the fiscal year for which the taxes have been levied.

No allowance for doubtful accounts was considered necessary.

**E. Capital Assets**

The District's capital assets are stated at cost. Depreciation has been provided over the estimated useful lives of the assets using the straight-line method, generally 3-10 years. The capitalization threshold is \$500.

**F. Compensated Absences**

It is the District's policy to permit contract employees to accumulate earned but unused vacation leave time. Non-contract employees may accumulate earned but unused vacation leave time up to a maximum of thirty (30) days. All employees may accrue unused sick leave time up to a maximum of thirty (30) days. Upon termination, all employees are entitled to a lump sum payment of 25% of accrued sick leave, not to exceed fifteen (15) days. At June 30, 2013, compensated absences balance was \$19,944.

**Fallbrook Healthcare District**  
**Notes to the Financial Statements (Continued)**  
**For the year ended June 30, 2013**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**G. Net Position**

Net position represents the difference between all other elements in the statement of net position and should be displayed in the following three components:

*Net Investment in Capital Assets* component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

*Restricted* component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

*Unrestricted* component of net position is the amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

At June 30, 2013, the District had no restricted component of net position.

**H. Use of Restricted and Unrestricted Net Position**

When an expense is incurred for purposes for which both restricted and unrestricted component of net position is available, the District's policy is to apply restricted component of net position first.

**I. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**J. Accounting Changes**

GASB has issued Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements (SCA)*. The requirement of this Statement improve financial reporting by establishing recognition, measurement, and disclosure requirements for SCAs for both transferors and governmental operators, requiring governments to account for and report SCAs in the same manner, which improves the comparability of financial statements. This statement became effective for periods beginning after December 15, 2011 and did not have a significant impact on the District's financial statements for the year ended June 30, 2013.

GASB has issued Statement No. 61, *The Financial Reporting Entity: Omnibus – an amendment of GASB Statements No. 14 and No. 34*. The requirement of this statement result in financial reporting entity financial statements being more relevant by improving guidance for including, presenting, and disclosing information about component units and equity interest transactions of a financial reporting entity. This statement became effective for periods beginning after June 15, 2012 and did not have a significant impact on the District's financial statements for year ended June 30, 2013.

**Fallbrook Healthcare District**  
**Notes to the Financial Statements (Continued)**  
**For the year ended June 30, 2013**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**J. Accounting Changes (Continued)**

GASB has issued Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. This statement combines the authoritative accounting and financial reporting of the FASB and the American Institute of Certified Public Accountants (“AICPA”). The statements eliminates the need for financial statement preparers and auditors to determine which FASB and AICPA pronouncement provisions apply to state and local governments. This statement became effective for period beginning after December 15, 2011 and did not have a significant impact on the District’s financial statements for the year ended June 30, 2013.

GASB has issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. The requirement of this statement standardizes the presentation of the deferred inflows and outflows of resources and their effects on a government’s net position. This statement became effective for periods beginning after December 15, 2011. The implementation of this statement to the District was limited to renaming of “Net Assets” to “Net Position” in the 2013 financial statements.

**Note 2 – Lease Agreement with Fallbrook Hospital Corporation**

Effective November 1, 1998, the District entered into a Lease Agreement (“Agreement”) with Fallbrook Hospital Corporation (“Corporation”), a healthcare system located in the County to operate the Fallbrook Hospital for the benefit of District residents. While the hospital license remains in the name of the District, the Corporation has the responsibility of maintaining the license, maintaining the hospital in good condition, maintaining appropriate accreditations and adequate insurance, and providing quarterly status reports to the District. In connection with the Agreement, the District entered into a 30-year Transfer and Lease Agreement with the Corporation, whereby the District's assets and liabilities, except land, investment funds, debt established pursuant to certain loan agreements and the deferred compensation program, were transferred to the Corporation. In November 1998, the District exercised its option to have the Corporation prepay the receivable to the District. Rental income to the District from the Corporation for the remaining term of the Agreement is \$1 per year.

At the end of the Agreement’s 30-year term, the Corporation will transfer back to the District all assets and liabilities pursuant to terms substantially identical to those of the Transfer and Lease Agreement.

At June 30, 2013, assigned assets are not included in the accompanying financial statements.

**Note 3 – Cash and Cash Equivalents**

The following is a summary of cash and cash equivalents at June 30, 2013:

	Amount
<b>Cash and cash equivalents:</b>	
Bank depositis	\$ 209,782
LAIF	1,148,949
<b>Total cash and cash equivalents</b>	<b>\$ 1,358,731</b>

**Notes to the Financial Statements (Continued)**  
**For the year ended June 30, 2013**

---

**Note 3 – Cash and Cash Equivalents (Continued)**

**A. Cash Deposits**

The carrying amount of the District's cash deposits was \$209,782 as of June 30, 2013. Bank balances before reconciling items were \$209,782 at that date, which were fully insured or collateralized with securities held by the pledging financial institutions in the District's name as discussed below.

The California Government Code requires California banks and savings and loan associations to secure the District's cash by pledging securities as collateral. This Code states that collateral pledged in this manner shall have the effect of perfecting a security interest in such collateral superior to those of a general creditor. Thus, collateral for cash is considered to be held in the District's name.

The market value of pledged securities must equal at least 110% of the District's cash. California law also allows financial institutions to secure the District's cash by pledging first trust deed mortgage notes having a value of 150% of the District's total cash.

**B. Local Agency Investment Funds**

The District's deposit with LAIF at June 30, 2013 include a portion of the pool funds invested in structured notes and asset-backed securities and similar transactions. These investments may include the following:

Structured Notes – Debt securities (other than asset-backed securities) whose cash-flow characteristics (coupon rate, redemption amount, or stated maturity) depend on one or more indices and/or that have imbedded forwards or options.

Asset-Backed Securities – Generally mortgage-backed securities which entitle their purchasers to receive a share of the cash flows from a pool of assets such as principal and interest repayments from a pool of mortgages (for example, collateralized mortgage obligations) or credit card receivables.

As of June 30, 2013, the District had \$1,148,949 invested in LAIF, which had invested 1.96% of the pool investment funds in Structured Notes and Asset-Backed Securities. The reported value of the pool is the same as the fair value of the pool shares.

**Note 4 – Investments**

The District is generally authorized under state statutes to invest in:

- Obligations of the U.S. Government, its agencies and instrumentalities
- Certificates of deposit and other evidences of deposit at commercial banks and savings and loan institutions
- Prime bankers acceptances
- Prime commercial paper
- Negotiable certificates of deposit
- Repurchase agreements
- Money market funds
- State of California Local Agency Investment Fund
- Medium-term notes

**Note 4 – Investments (Continued)**

The following is summary of investments at June 30, 2013:

	Credit Rating	Amount
<b>Investments:</b>		
CalTrust	Not Rated	\$ 9,724,719
<b>Total investments</b>		<b>\$ 9,724,719</b>

Investments held by the District, grouped by maturity date at June 30, 2013, were as follows:

	Maturity One Year or Less
<b>Investments:</b>	
CalTrust	\$ 9,724,719
<b>Total investments</b>	<b>\$ 9,724,719</b>

**Note 5 – Capital Assets**

Capital assets activities for the year ended June 30, 2013 are as follows:

	Balance July 1, 2012	Additions	Deletions	Balance June 30, 2013
<b>Capital assets, depreciable</b>				
Furniture and fixtures	\$ 2,375	\$ -	\$ -	\$ 2,375
Equipment	12,752	4,270	-	17,022
<b>Total capital assets, depreciable</b>	15,127	4,270	-	19,397
<b>Less accumulated depreciation</b>				
Furniture and fixtures	(1,188)	(238)	-	(1,426)
Equipment	(11,175)	(1,419)	-	(12,594)
<b>Total accumulated depreciation</b>	(12,363)	(1,657)	-	(14,020)
<b>Total capital assets, net</b>	\$ 2,764	\$ 2,613	\$ -	\$ 5,377

**Note 6 – Commitment and Contingencies**

**Earthquake Retrofit**

Senate Bill 1953 imposes certain requirements that acute care hospitals would be required to meet within a specified time. These requirements include conducting seismic evaluations. Hospitals determined to pose certain risks shall only be used for nonacute care purposes after January 1, 2008. After January 1, 2030, all hospitals must be in compliance. The District is not liable for compliance with Senate Bill 1953 in accordance with the Agreement with the Fallbrook Hospital Corporation.

---

**Note 7 – Insurance**

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries insurance through Special District Risk Management Authority (“SDRMA”). SDRMA is a riskpooling joint power authority formed under the California Government Code to provide insurance coverage for SDRMA’s member districts. SDRMA purchases excess insurance from commercial carriers to reduce its exposure to large losses.

There were no instances in the past three years where a settlement exceeded the District’s coverage provided through SDRMA.

**Note 8 – Transfers To/From Fallbrook Hospital Corporation**

All property tax revenues, as they are incrementally collected and paid to the District, will remain with the District and will not be shared, except as allocated by separate resolution. During the fiscal year ended June 30, 2013, no transfers were made to the Corporation.

Cost report settlements for all years prior to the Agreement have been settled.

**Note 9 – Defined Contribution Pension Plan**

The District has a Section 408(p) defined contribution pension plan as allowed under the Internal Revenue Code. The plan type sponsored by the District is the Savings Incentive Match Plan for Employees of Small Employers (SIMPLE), which was effective on January 6, 2006. The Plan is a defined contribution retirement plan in which the employer’s contribution is nondiscretionary and is based on a formula that is not related to profit. The Plan sponsor guarantees no benefit and bears no investment risk while the Plan participants bear all investment risk and have no guaranteed level of benefits.

Eligible non-contract employees may begin participating in the Pension Plan following a one year probationary employment period. The Administrator may begin participating the first day of the month following the employment date of work. The Plan is entirely funded by District contributions of up to 3% of the participants’ gross pay for employees hired on or after March 1, 2006 who contribute up to 3% of their salary to the deferred compensation plan. Participants are fully vested upon joining the plan. Plan provisions and contribution requirements are established and may be amended by the District. Participants are eligible to begin receiving benefits at age 55.

The District’s payroll for employees covered by the Plan for the year ended June 30, 2013, was \$67,334. Total employer contributions paid by the District amounted to \$1,800 or 2.67% of covered payroll.

Funds paid into the Plan by the District are placed in a SIMPLE IRA account at a financial institution determined by the Plan participants. The financial information of the defined contribution pension plan is not in the accompanying financial statements.

**Note 10 – Lease Termination Contingency Reserve**

The District leased the Fallbrook Hospital to the Fallbrook Hospital Corporation pursuant to a 30 year lease in November 1998, which is set to terminate on its own terms in November 2028. Upon termination of the lease, the District will absorb significant financial responsibilities, including, but not limited to, the repurchase of termination assets, reimbursement of pre-paid rent (if any), and the need for working capital to keep the Fallbrook Hospital operating.

In order to ensure that the District has sufficient resources to accommodate the upcoming financial obligations, on December 14, 2011, the District's Board voted unanimously in favor of creating a lease termination contingency reserve which is expressly dedicated to address those expenses required of the District at the time that the lease with Fallbrook Hospital Corporation ends.

At June 30, 2013, the balance of the lease termination contingency reserve made up \$9,724,719 of the unrestricted component of net position, all of which was invested with CalTrust.

**Note 11 – Proposition 1A Borrowing by the State of California**

Under the provisions of Proposition 1A and as part of the 2009-2010 budget package passed by the California State Legislature on July 28, 2009, the State of California borrowed 8% of property tax revenue, including those property taxes associated with the in-lieu motor vehicle license fee, the triple flip in lieu sales tax, and supplementary property tax, apportioned to cities, counties and special districts (excluding redevelopment agencies). The State is required to repay this borrowing plus interest by June 30, 2013. After repayment of this initial borrowing, the California legislature may consider only one additional borrowing within a ten-year period. The amount of this borrowing pertaining to the District was \$129,280 with accrued interest of \$8,594 which was received in full by the District during the year ended June 30, 2013.
