

2019-2020 COMMUNITY HEALTH CONTRACT
357 Physical, Occupation, Speech and Behavioral Therapy Program
Quarter 2 (October-December) Reporting Form

Goal 2

The goal is to provide the residents of the district a comprehensive equine-assisted therapy program that can focus on all physical, mental and emotion needs of our students.

S.M.A.R.T. Objective 2a

We will evaluate each student, set goal for the therapy and report to FRHD the quarterly results.

Projected Cost:

Contract Dollars Expended to Date:

\$15,000

\$27,320.03

Progress/Accomplishment of Goals & Objectives

Progress & Accomplishments:

In this second quarter we have continued to schedule and provide therapy to the district students. Three therapists consult to better meet the individual therapeutic needs of our resident students.

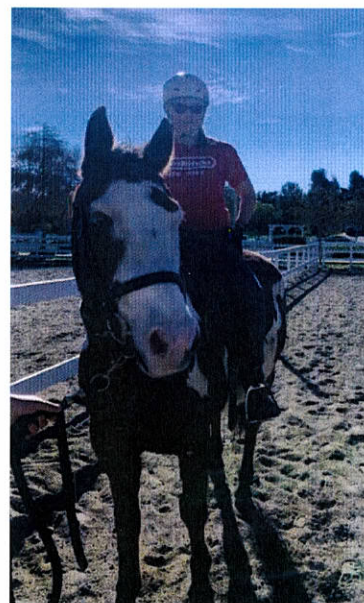

Please see below the narrative of a student that has benefited from this program for the past 9 years.

Impact Narrative: Olivia Wadsworth

In 2006 Olivia had surgery to remove a brain tumor from her cerebellum. Her balance and motor skills were greatly affected.

In 2011, Olivia began riding at REINS and it was game changing and life changing. Olivia tells us that when she first began riding she felt like a "drunken sailor" ...

Fast forward to 2020 Olivia rides independently and has now progressed to walking with assistance. To Olivia and her family "REINS is not just a place for therapy that they go twice a week, it's where they have developed relationships that they consider family".
