Organization's Mission Statement

The Fallbrook Food Pantry is a non-profit organization primarily staffed by volunteers. Its mission is to provide an adequate and nutritious supply of food to individuals in our community who are in-need.

Organization's Vision Statement

We envision a community where the pain and suffering caused by hunger do not exist. We envision a community where those in-need have access to an adequate and nutritious supply of food.

Agency Capability

Fallbrook Food Pantry (FFP) has served low-income and disadvantaged families for 32 years. Available to the community 5 days a week, we offer a well-balanced selection of food, promoting wellness for every individual in our community. Year to date we have served more than 50,000 households, supplying over 30-million pounds of food to our community for the past 30+ years. In April of 2019, Fallbrook Food Pantry's dream of purchasing a new facility came true, thanks to our compassionate and committed donors. We now occupy 6,834 square feet of warehouse, market, and administrative offices. Our new learning center space has allowed us to expand our programming by

educating our community on how to make healthier food choices, demonstrate meal preparation using non-cultural produce (such as butternut squash and jackfruit) enhancing food options, and encouraging new food items to be introduced into their daily diets. FFP has experienced tremendous growth in the last five years since Executive Director, Shae Gawlak, joined the organization. The growth in our numbers is a sheer reflection of what is going on in our economy - more individuals are having a difficult time finding jobs that pay them enough to support their family. In the last three years, since COVID-19 made its debut, we have seen donations increase by nearly 50% from the previous 28+ years.

Agency Collaborations

Over the years, our collaborative partnerships have grown substantially.

Within the last 3 years our committed food partners include the following: San Diego Food Bank, Feeding San Diego, Albertson's, Grocery Outlet, Major Market, Sprouts, WalMart, Trader Joe's, Daniel's Market, WinCo, Costco, Del Rey Avocado, Kendall Farms, Starbucks, Winchell's, KFC, and Murrieta Bishop's Storehouse.

Our local community partners include: Foundation for Senior Care (FFP provides food to seniors through FSC programs), D'Vine Path & Carerite Vocational Services (special needs groups volunteering weekly at the Pantry), Fallbrook High School & Bonsall High School (students volunteer for service hours), Rotary of Fallbrook (volunteer monthly at our Neighborhood Distribution event as well as during the holidays), Riverview Church (FFP provides monthly food boxes to low-income church members), Produce Good (provides FFP with a service of "picking" local farmers groves of citrus), and CSUSM-Nursing Students (volunteer weekly to provide health screenings for our clients).

Social Determinants of Health (SDOH)

Program/Services Description - Social Determinants of Health

Economic Stability (Employment, Food Insecurity, Housing Instability, Poverty)

Neighborhood & Built Environment (Access to Foods that Support Healthy Eating Patterns, Crime and Violence, Environmental Conditions, Quality of Housing)

Statement of Need/Problem

One of the most basic human needs is adequate nutrition. Residents with incomes below the Federal poverty level often are not able to afford nutritious food and face serious food insecurities.

Food insecurity is defined as limited or uncertain access to sufficient, nutritious food for an active, healthy life. People experiencing severe food insecurity skip meals or go hungry because they lack sufficient financial resources to purchase food or otherwise lack access to food.

###

Food insecurity is often thought of as a "poor people's problem," but not all those living in poverty are food insecure, and not all food-insecure people live in poverty. Food insecurity is a complex issue that is paired with systemic challenges, including poverty, low wages, affordable housing shortages, chronic and acute health problems, high medical costs, and social isolation. The experience of food insecurity is stressful and has been associated with numerous harmful physical and mental health outcomes over the short and long term. Among children, food insecurity is also associated with adverse behavioral and academic outcomes. The disruptions to daily life generated by COVID-19 have created unique hardships, particularly for low-income Americans and communities of color, who are historically at higher risk for food insecurity, and who are also at disproportionately higher risk for adverse health and economic outcomes associated with COVID-19.

Statement of Need/Problem - Others

The Fallbrook Food Pantry is the only full-service source for food (fresh produce, dairy, commodities, bread and grains) for people in need in the Greater Fallbrook area, and is available 5-days a week.

Several local churches offer monthly food distributions supported by Feeding America as well as San Diego Food Bank, which are limited to just dry, boxed and/or canned goods.

Program/Services Description - Program Entry

If someone is in need of food for the first time at the Pantry, they will need to bring an ID (i.e. driver's licence, military, passport, student, etc). This will allow them food assistance for three (3) visits (we call Emergency Food Assistance) without officially registering with us. After their third visit, if they are still in need, they must complete our registration process with one of our Volunteer Interviewers. Once completed, this will then provide them with weekly food access and they must present your PANTRY MEMBER CARD at each visit. Interviews are conducted

ONLY

on Tuesday and Thursday mornings each week between 9:30-noon. No appointment necessary, first come first serve.

Our daily food distribution is held Monday - Friday from 9:30am - 12:30pm, each week, unless

there is a holiday. Please see below our calendar for any closures and all food program days and hours.

INTERVIEW PROCESS

You must present at least ONE of these following documents from EACH category:

PHOTOCOPIES OR PICTURES ARE NOT ACCEPTED--MUST BE ORIGINAL DOCUMENTS.

ID's FROM OTHER COUNTRIES ARE ACCEPTABLE.

In order to qualify for food assistance, you and/or your family MUST

meet these income guidelines:

Our intervention process begins with our Learning Center programs--assisting each individual with both nutritional education and occupational skills, which is intended to break the cycle of poverty/dependence and helps to empower and promote self-sufficiency and independence.

Program/Services Description - Program Activities

We never turn anyone away who is in need. We are committed to empowering our community to be successful in living a healthy and well-balanced lifestyle by educating and supporting our clients in making behavioral changes that will positively impact their ability to become productive members of our community.

We offer several different programs throughout every month, some are daily others are monthly: 1. Daily Food Distribution (market) - provides access to food for each household weekly, 2. Home Delivery - provides delivery of groceries to home bound adults weekly, 3. EFAP (Emergency Food Assistance Program) - offers food commodities to anyone in the community, in-need, each month, 4. Senior Boxes - are provided to qualified seniors 65 or older every month, and 5. Neighborhood Distribution - is a large monthly event where anyone in the community can participate in receiving fresh produce.

Program Goal #1

Addressing hunger is an unfortunate reality in our community and the Fallbrook Food Pantry's goal is to help alleviate that, to the best of our abilities. We will provide a minimum of 8-12 pounds of healthy food for EACH individual in-need, each week, per household. This typically is equivalent to an additional 2-3 meals per person.

Program Objectives - Goal #1

S - We will provide a weekly menu of supplemental nutritious food to everyone who qualifies for assistance. M - each individual, in every household, will receive 8-12 pounds of healthy food each week. A - FFP receives more than 150,000 pounds of food monthly. R - Weekly, FFP is equipped to distribute 100% of received food to our clients. T - This is an ongoing program where FFP provides food weekly to all qualified households.

Program Outcomes/Measurables - Goal & Objectives #1

We will provided 5,598 individuals with an average of 8-12 pounds of healthy food each week. Which means we will distribute approximately 56,000 pounds of food weekly to qualified households.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Fallbrook Food Pantry

Opinion

We have audited the accompanying financial statements of Fallbrook Food Pantry (the "Organization"), a nonprofit organization, which comprise the statement of financial position as of December 31, 2021 and 2020, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Fallbrook Food Pantry as of December 31, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fallbrook Food Pantry and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fallbrook Food Pantry's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
 include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
 statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fallbrook Food Pantry's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE 1 - SUMMARY OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION

Fallbrook Food Pantry (the "Organization" or the "Pantry") incorporated in June 1991 as a religious corporation under the name Fallbrook Mission Project and received exempt status under section 501(c)(3) of the Internal Revenue Code exclusively for religious purposes. In June 1995, the name of the Organization was changed to Fallbrook Community Project. In August 2002, the Organization restated its articles of incorporation, classifying the Organization as a public benefit corporation, organized under the nonprofit public benefit corporation law for charitable purposes. In September 2004, the Organization changed its name to the Fallbrook Food Pantry. The Pantry's purpose is to aid those in its community who are in need of food; to refer those in need of shelter and medical care; to equip them to be self-sufficient, independent, and productive members of society; and to give love and hope through nurturing and emotional support. The Pantry's mission is to provide an adequate and nutritious supply of food to individuals in the community who are in need while improving the health of the community through education on healthy food choices and preparation. The following is a list of descriptions of the Organization's programs:

Daily Market

Based on family size, qualified clients are entitled to food items that are determined by a menu that is developed each week, which is planned to provide balanced meals for 4-5 meals per week. This amounts to approximately 10-12 pounds per person within each client household.

Neighborhood Distribution

On the last Wednesday of every month, everyone in the community may receive fresh produce from the Pantry at the Life Point Church parking lot.

Emergency Food Assistance Program ("EFAP")

The Pantry distributes governmental commodities delivered by the San Diego Food Bank to clients. The Pantry distributes EFAP items to clients during the third full week of each month.

EFAP for Seniors

The Pantry offers the EFAP program to senior clients during extended hours on Wednesday afternoons during the scheduled EFAP distributions weeks.

Senior Food Program (Brown Box)

A USDA program designed to improve the health of low-income seniors who are 60 years or older, residents of San Diego County, and meet program income guidelines. The Senior Food Program provides qualified clients with a monthly food package containing items such as canned vegetables, fruit juice, pasta, milk, cereal, canned meat, and a block of cheese.

Adopt-A-Family

Clients must apply and meet specific criteria to qualify for this program. The Fallbrook Food Pantry coordinates this program with community members and churches to provide children under 16 years of age with holiday gifts.

Farmers to Families

During the COVID-19 lockdowns, farmers were unable to sell produce to restaurants and grocery stores in as high a capacity as usual. Due to federal government programming, food banks across the nation benefitted from the farmers' excess crops at no cost, while the government paid the farmers for their goods. The Pantry distributed the excess crops received to its clients during 2020 and 2021

NOTE 1 - SUMMARY OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES, (CONTINUED)

SIGNIFICANT ACCOUNTING POLICIES

Financial Statement Presentation

The financial statements have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. The significant accounting policies followed are described below:

Net Assets

Net assets and revenues, expenses, gains and losses are classified based on the existence or the absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported in the following two classes:

Net assets without donor restrictions – Net assets that are not subject to donor-imposed stipulations, including those resources currently available for use in the Organization's operations and those designated by the board for specific future uses.

Net assets with donor restrictions – Net assets subject to donor-imposed stipulations which have not yet been met, including those that have been restricted in perpetuity, such that they are maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on related investments for general or specific purposes.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

Financial instruments include cash and cash equivalents, accounts receivable, investments in marketable securities, accounts payable, deposits and notes payable. The carrying amounts of cash and cash equivalents, accounts receivable, accounts payable, and deposits approximate fair market value because of the short maturity of those instruments. The carrying value of the Organization's notes payable approximates fair market value based on the current rates offered to the Company for debt with similar terms or maturities. The investments in marketable securities are measured at fair value on a recurring basis.

Topic 820 in the FASB's Accounting Standards Codification, Fair Value Measurements and Disclosures, establishes a three-tier valuation hierarchy for classification of fair value measurements as follows:

Level 1 – Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.

Level 2 – Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, at the measurement date.

Level 3 – Inputs are unobservable for the asset or liability and usually reflect the reporting entity's best estimate of what market participants would use in pricing the asset or liability at the measurement date.

The Organization's statement of financial position includes investments in contributed stock that are considered Level 1 assets and are reported at fair value based on quoted prices in active markets for identical assets at the measurement date.

Cash and Cash Equivalents

The Pantry considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents. Accounts at each financial institution are insured by the Federal Deposit Insurance Corporation ("FDIC"), which provides basic deposit coverage with limits up to \$250,000 per account holder. Generally, these deposits may be redeemed upon demand and therefore, are believed to bear minimal risk.

Accounts Receivable

Management believes that all accounts receivables are fully collectible, and therefore no allowance for doubtful accounts was recorded as of December 31, 2021 and 2020.

Land, Buildings and Equipment and Depreciation

Land, buildings and equipment are recorded at cost. The Organization capitalizes items with a value in excess of \$2,500 and an expected life of five years or more. Donations of land, buildings, and equipment are recorded as support at their estimated fair value. Such donations are reported as support without donor restrictions unless the donor has restricted the donated asset for a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire buildings and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies net assets with donor restrictions to net assets without donor restrictions at that time. Assets under construction are not depreciated until placed into service. Buildings and equipment are depreciated using the straight-line method over the estimated useful asset lives as follows:

	Years
Building and improvements	15-39
Equipment	5-7
Autos and trucks	5-7
Equipment under capital lease	5-7
Technology equipment and software	5

Maintenance, repairs, and minor renewals are charged to operations as incurred. Upon sale or disposition of land, buildings, and equipment, the asset and the related accumulated depreciation taken prior to the sale are removed from the Organization's records and any resultant gain or loss is credited or charged to earnings.

Impairment of Real Estate

The Organization reviews its investment in real estate for impairment whenever events and changes in circumstances indicate that the carrying value of such property may not be recoverable. Recoverability is measured by a comparison of the carrying amount of the real estate to the future net undiscounted net cash flows expected to be generated by the rental property and any estimated proceeds from the eventual disposition of the real estate. If the real estate is considered to be impaired, the impairment to be recognized is measured at the amount by which the carrying amount of real estate exceeds the fair value of such property. There were no impairment losses recognized in 2021 or 2020.

NOTE 1 - SUMMARY OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES, (CONTINUED)

Loan Costs and Amortization

Loan costs related to the refinanced Pacific Premier Bank mortgage note payable (Note 4) of \$16,975, net of accumulated amortization of \$576 as of December 31, 2021, are presented as a contra-liability offsetting the note payable balance in the statements of financial position. Loan costs related to the commercial bank note payable prior to refinance were \$7,177, net of accumulated amortization of \$5,621, as of August 31, 2021, which was the date of the refinance. These loan costs were written off upon recording the refinanced loan. Loan costs related to the Pacific Premier Bank mortgage note payable (Note 4) of \$7,177, net of accumulated amortization of \$1,136 as of December 31, 2020, are presented as a contra-liability offsetting the note payable balance in the statements of financial position. These loan costs are being amortized on a straight-line basis over the term of the associated debt as of December 31, 2021 and 2020. GAAP requires that the effective yield method be used to amortize loan costs; however, the effect of using the straight-line method is not materially different from the results that would have been obtained under the effective yield method. Total amortization for the years ended December 31, 2021 and 2020 related to the loan costs associated with the Pacific Premier Bank notes were \$6,717 and \$718, respectively, and is presented as interest expense in the statements of functional expenses, in accordance with ASU 2015-03, Simplifying the Presentation of Debt Issuance Costs. Estimated interest expense for each of the five years following December 31, 2021 is approximately \$1,726.

Donated Goods and Services

The Pantry reports the fair value of contributions of donated food and grocery products as contributions without donor restriction and, shortly thereafter, as expense when distributed to its clients. During the years ended December 31, 2021 and 2020, the Pantry received approximately 1,035,800 and 1,276,000 pounds of contributed food, respectively, and distributed approximately 1,029,800 and 1,331,100 pounds of purchased and contributed food to clients, respectively. The Pantry utilizes approaches developed and applied by nationally recognized food banks and food pantries that approximate the average wholesale value of one pound of donated food. For the years ended December 31, 2021 and 2020, the Pantry determined the appropriate approximate value of food per pound to use in valuing the food received and distributed was \$1.72 and \$1.68 per pound, respectively.

The total value of food received during the year ended December 31, 2021, after deducting the amount of spoiled and composted food of \$25,800 throughout the year, was \$1,755,784. After the Pantry deducted the food distributed throughout the year ended December 31, 2021 of \$1,771,350 from the beginning inventory value and donated food received, the remaining food on hand with a value of \$65,877 was recorded as inventory as of December 31, 2021. The total value of food received during the year ended December 31, 2020, after deducting the amount of spoiled and composted food of \$15,600 throughout the year, was \$2,117,512. After the Pantry deducted the food distributed throughout the year ended December 31, 2020 of \$2,236,310, the remaining food on hand with a value of \$81,443 was recorded as inventory as of December 31, 2020.

The Pantry did not receive in-kind services during the years ended December 31, 2021 and 2020.

Revenue Recognition

When monies or other assets are received, the Organization classifies the transaction as either a contribution (i.e. a nonreciprocal transaction) or an exchange (i.e. a reciprocal transaction).

NOTE 1 - SUMMARY OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES, (CONTINUED)

Revenue Recognition, Continued

Contributed Revenue – In accordance with Accounting Standards Update ("ASU") No. 2016-14. Not for Profit (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities ("ASU 2016-14"), when a transaction is determined to be a contribution, the Organization then determines whether it is conditional or unconditional. According to ASU 2018-08, Not for Profit Entities (Topic 958): Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made ("ASU 2018-08"), conditional contributions contain i) donor-imposed barrier(s) that must be overcome before the Organization is entitled to the assets transferred or promised and ii) a right of return to the contributor for assets transferred or a right of release of the promisor from its obligation to transfer assets. When the condition(s) are substantially met, the contribution becomes unconditional. Unconditional contributions are those that are absent of any indication that the Organization is only entitled to the transfer of assets or a future transfer of assets if it has overcome a barrier, or that the agreement does not contain a right of return of assets transferred or a right of release from obligation. Unconditional contributions are classified as either net assets with donor restrictions or net assets without donor restrictions and are recorded in accordance with the guidelines outlined in Subtopic 958-605, Not-for- Profit Entities - Revenue Recognition. Unconditional contributions are recognized when the donor makes a promise to give to the Organization. Contributions that are restricted by the donor are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions. All contributions are considered available for unrestricted use unless specifically restricted by the donor or subject to other legal restrictions. Expenses are recorded when incurred in accordance with the accrual basis of accounting. Contributions received with restrictions that are met in the same reporting period as received are reported as unrestricted support and increase net assets without donor restrictions.

Grant revenue is recognized in the period that the related work is performed in accordance with the terms of the grant. Grants receivable is recorded when revenue earned under a grant exceeds the cash received. Deferred revenue is recorded when cash received under a grant exceeds the revenue earned.

Donated property and equipment are recorded at fair market value at the date of gift. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of property and equipment are recorded as unrestricted support.

Donated stock is recorded at fair market value at the date of the gift. If donors stipulate how long the stock must be held, the contribution is recorded as restricted support. In the absence of such stipulations, contributions of marketable securities are recorded as unrestricted support.

The Organization receives substantial in-kind donations of food, which is valued as noted above at the time of donation as contributions without donor restriction. The Pantry receives donated and contributed volunteer time for the limited participation of many individuals in fundraising and day to day Pantry activities. The valuation of volunteer time is not reflected in these statements since they do not require specialized skills. Occasionally, the Pantry receives credits applied to service costs from service organizations. Since these services require specialized skills, the value of the time and services provided are recorded as in-kind contributions without donor restriction.

The Pantry receives contributions from sponsors at the Organization's special events. Unless specified as restricted at the time of donations, these contributions are recorded as without donor restrictions.

Revenue Recognition, Continued

Contributed Revenue, Continued – The following is a summary of revenue and expenses related to donated items for the years ended December 31:

	2021			2020
Revenue: Donated food Total revenue	\$ *	1,755,784 1,755,784	\$	2,117,512 2,117,512

Food distribution		1,771,350	\$	2,236,310
Total expenses	<u>\$</u>	1,771,350	<u>\$</u>	2,236,310

Exchange Transactions – The Organization accounts for exchange transactions in accordance with ASU No. 2014-09 (ASC Topic 606), *Revenue from Contracts with Customers* ("Topic 606").

Special event revenues are recognized when the event is presented. Ticket sales for admission to or sponsorships for the events that have been received as of December 31 for which the performance obligations are not yet complete are recorded as contract liabilities in the statements of financial position. The tickets sold for events are the identified contracts between the Pantry and its event attendees. The transaction price for each ticket varies depending on the event. The performance obligation for these tickets is entry into the event. The performance obligation for these sales is the Pantry's obligation to put on the event or to carry out the program. Ticket sales between the Pantry and its event attendees are identified as event revenues and are recognized at a point in time, which is when the event is presented. Ticket fees that have been received as of December 31 for which the performance obligation is not yet complete are recorded as contract liabilities in the statements of financial position. Special event revenue from exchange transactions amounted to \$0 and \$69,534 for the years ended December 31, 2021 and 2020, respectively. Contract liabilities for events were \$0 as of December 31, 2021 and 2020.

The Pantry maintains donated stock investments in marketable securities. The Organization recognizes investment returns based on the fair value of the funds, which are classified as without donor restrictions in the statements of activities. When the Organization sells donated stock, any difference between the proceeds received from the sale of donated securities and the fair value on the date the donated securities were received are recognized as a realized gain or loss on the statements of activities.

The Organization has determined that the revenue sources have already been appropriately disaggregated in the statement of operations based on obligations that are substantially the same and have the same pattern of transfer to the end customer. As such, the Organization has not disaggregated revenue differently than the revenue sources depicted in the statement of operations.

Advertising Costs

The Pantry expenses advertising costs as they are incurred. Advertising expenses for the years ended December 31, 2021 and 2020 were \$19,865 and \$8,339, respectively, and are included with marketing expenses in the statements of functional expenses for the years then ended.

NOTE 1 - SUMMARY OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES, (CONTINUED)

Allocated Expenses

Expenses by function have been allocated among program and supporting services classifications based on internal records and estimates made by the Organization's management. Program services are allocated based on the number of families served through each program as a percentage of total families served throughout the year. Based on these criteria, program costs were allocated 40% and 43% to Daily Market, 8% and 11% to Neighborhood Distribution, 29% and 28% to EFAP, 20% and 14% to Senior programs, and 3% and 4% to Farmers to Families for the years ended December 31, 2021 and 2020, respectively. Based on the Pantry's operations, general and administrative expenses are allocated 70% to fundraising, 20% to events, and 10% to administration. See appendix A for the statements of functional expenses for the years ended December 31, 2021 and 2020.

Income Tax Status

Fallbrook Food Pantry is a nonprofit organization and is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code and Section 23701(d) of the California Revenue and Taxation Code. The Pantry is not a private foundation.

The Organization uses a loss contingencies approach for evaluating uncertain tax positions and continually evaluates changes in tax law and new authoritative rulings. No loss contingencies were recognized for the years ended December 31, 2021 or 2020.

The Organization's federal exempt organization returns for tax years 2018 and beyond remain subject to examination by the Internal Revenue Service. The Organization's exempt organization returns of the tax years 2017 and beyond remain subject to examination by the Franchise Tax Board. The Organization did not have unrecognized tax benefits as of December 31, 2021 or 2020 and does not expect this to change significantly over the next 12 months. The Organization recognizes interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2021 and 2020, the Organization has not accrued interest or penalties related to uncertain tax positions.

Recent Authoritative Guidance, Not yet adopted

In February 2016, the FASB issued new lease accounting guidance in ASU No. 2016-02, Leases ("Topic 842"). This new guidance was initiated as a joint project with the IASB to simplify lease accounting and improve the quality of and comparability of financial information for users. This new guidance would eliminate the concept of off-balance sheet treatment for "operating leases" for lessees for the vast majority of lease contracts. Under Topic 842, at inception, a lessee must classify all leases with a term of over one year as either finance or operating, with both classifications resulting in the recognition of a defined "right-of-use" asset and a lease liability on the balance sheet. However, recognition in the income statement will differ depending on the lease classification, with finance leases recognizing the amortization of the right-of-use asset separate from the interest on the lease liability and operating leases recognizing a single total lease expense. Lessor accounting under ASU No. 2016-02 would be substantially unchanged from the previous lease requirements under U.S. GAAP. On April 8, 2020, in response to the coronavirus pandemic, the FASB voted to defer the effective date for Topic 842 for private companies and private nonprofit companies to fiscal years beginning after December 15, 2021. Early adoption is permitted and for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, lessees and lessors must apply a modified retrospective transition approach. The Organization is evaluating ASU No. 2016-02 and its effect on the presentation of its financial statements.

NOTE 2 - INVESTMENTS IN MARKETABLE SECURITIES

The Pantry received stock donations with a total fair market value of \$5,144 and mutual funds with a total fair market value of \$0 throughout 2021. Investments in marketable securities are stated at fair value of \$5,881 and \$13,888 as of December 31, 2021 and 2020, respectively. Dividends are reinvested into the securities. The change in fair value from December 31, 2020 to December 31, 2021 was recorded as a gain on investments of \$3,052 in the statements of activities for the year ended December 31, 2021. The change in fair value from December 31, 2019 to December 31, 2020 was recorded as a gain on investments of \$1,942 in the statements of activities for the year ended December 31, 2020.

The loan was repaid in full during the year ended December 31, 2021.
