Organization's Mission Statement

Our mission is to acquire, protect, and manage open space in perpetuity for the benefit of wildlife and the community.

Organization's Vision Statement

Our vision is a tapestry of protected open spaces that provides high quality habitat in which native flora and fauna thrive while meeting the needs of the community through education, engagement, and recreation.

Agency Capability

The FLC was accredited by the Land Trust Accreditation Commission in 2018 after a rigorous due diligence process. The accreditation process confirmed FLC's strong finances, ethical conduct, responsible governance, and lasting stewardship. The FLC is also certified by the California Department of Fish and Wildlife as a qualified entity to own and manage mitigation properties through an application process that reviews organizational finances and stewardship policies.

The FLC enjoys wide support in the community and owns and manages over 3,100 acres of open space, including the popular Los Jilgueros and Monserate Mountain Preserves, and the historic Palomares House & Park. In addition to its fee owned properties, the FLC protects more than 995 acres through

conservation easements, bringing FLC's total land protection in the area to 4,000 acres.

FLC maintains over 15 miles of trails, ranging from easy to difficult. The trails are open to the public, free of charge, and FLC encourages the use of its preserves as a way to connect with nature, enjoy open space, and participate in passive recreational activities. The preserves are used by people of all abilities, from young families, to hardened athletes, to seniors.

Agency Collaborations

The FLC collaborates with numerous organizations, both in terms of financial and volunteer support. Within the past calendar year, the FLC has received financial support from the following organizations to further our mission of providing safe open space preserves and educational opportunities to residents: The Angel Society of Fallbrook, California ReLeaf, Fallbrook Chamber of Commerce, Fallbrook Firefighter's Association, Fallbrook Garden Club, Fallbrook Riders, Inc., Fallbrook Village Rotary, Fallbrook Vintage Car Club, Fallbrook Women's Club, Philanthropic Educational Organization – UH Chapter, Legacy Endowment Community Foundation, Rally for Children, The County of San Diego, and The San Diego Foundation.

The FLC has received in kind-support from multiple businesses in town to help offset our budget, including services from Fallbrook Equipment Rentals, Fallbrook Waste & Recycling, Pacific Western Bank, and Specialty Mowing Services, Inc.

In 2019, the FLC logged over 2,500 volunteer hours from projects ranging from administrative tasks to trail maintenance. The FLC regularly collaborates with organizations and individuals to provide community service projects. Recent volunteer projects have been completed with the generous assistance of the Boy Scouts, Camp Pendleton Single Marine Program, Camp Pendleton Young Marine Program, Eagle Scouts, Fallbrook 4-H, Fallbrook Future Farmers of America, and North Coast Church.

Health (Cholesterol, High Blood Pressure, Hypertension, Obesity)

Health (Mobility)

Statement of Need/Problem

According to the CentraForce Overview, 53.5% of the community is either overweight or obese. 9.4% has been treated for anxiety and 8.7% has been treated for depression. Additionally, 19% of the adult population of the community has been treated for high cholesterol, 18.9% treated for hypertension, and 7.6% treated for type 2 diabetes, all of which are higher than the County average. According to the State of Childhood Obesity in the County, during the 2017-2018 school year, 20% of students in the Fallbrook Union Elementary School District, 38% of students in the Fallbrook Union High School District, and 44% of students in the Vallecitos School District were overweight or obese.

Data has consistently shown that nature-based recreation can have a positive effect on physical, mental, and social wellbeing. The CDC lists benefits of physical activity related to walking, hiking and biking, such as weight control, reduced risk of cardiovascular disease, reduced risk for type 2 diabetes, reduced risk for some types of cancers, bone and muscle strengthening, mental health and mood improvement, improved ability to do daily activities and prevent falls, and an overall increase in the chance of living longer. Perrins & Bratman found that, "Outdoor exercise, such as on trails, has been demonstrated to improve mood, restore attention, and decrease anger, depression, and stress, compared to indoor exercise." Additionally, the authors found outdoor recreation can increase social activity, increase positive social relationships, and can create emotional bonds between people and places, all of which have positive mental health benefits.

The program addresses Environmental Conditions and Health Care Access. FLC preserves improve environmental conditions by reducing the built environment and provide ecosystem services, such as improved air and water quality, to residents. The trails are accessible and free to the public, providing access to all members of the community.

Statement of Need/Problem - Others

The County of San Diego Department of Parks and Recreation currently operates one open space preserve with trails in Fallbrook: the Santa Margarita County Preserve. The Wildlands Conservancy owns the Santa Margarita River Trail Preserve. These two preserves contain hiking and equestrian trails in the Santa Margarita River valley of the De Luz community.

Program/Services Description - Program Entry

FLC preserves that are open to the public are open from dawn until dusk for all residents and visitors, free of charge. FLC staff and volunteers maintain the preserves and trails, as well as conduct outreach efforts in the community to inform residents of the open spaces and trails available to them. Many participants are connected to FLC preserves via word of mouth, social media, referrals (such as from another community organization), or through targeted outreach by FLC staff and volunteers. FLC does not consistently log user demographic data or enrolment data. FLC has found that many participants visit FLC preserves due to the anonymity provided.

No follow up is provided unless a participant signs up to be contacted by FLC for either informational purposes or for volunteer opportunities. If contacted information is provided, follow up is in the form of FLC communications which showcase FLC trails, reiterate the connection between trails, physical activity, and health, or opportunities to further engage with the FLC (such as volunteerism, surveys, etc.). If a participant does not sign up directly, FLC may post trailhead surveys with a QR code or other weblink that encourage preserve users to participate in follow up surveys related to trail use and health.

Program/Services Description - Program Activities

Participants receive access to FLC preserves and trails for nature-based recreation opportunities. Use of FLC trails and preserves promotes overall health wellbeing. The FLC educates preserve users

through trailhead kiosks, brochures, and events like guided nature walks. These events are intended to encourage new visitors who may be hesitant to visit a preserve for the first time, or uncomfortable walking alone. They also allow members of the community to meet like-minded people and learn about the flora and fauna of the preserves. Trailhead kiosks also provide ecosystem information.

Program Goal #1

The program goal is to improve, maintain, and promote FLC trails and open spaces in an effort to provide safe and reliable trails accessible to people of all abilities in order to advance the wellbeing of District residents. Nature based and outdoor recreation can be an effective approach to managing health. The FLC plays a unique role in our unincorporated community by providing over 15 miles of trails across nine preserves, totaling almost 700 acres of open space. By providing safe, well maintained trails for people of all abilities to use, the program seeks to provide both preventative care and a means to provide services for diagnosed health issues.

Program Objectives - Goal #1

```
Maintain and improve 15 miles of FLC trails to ensure safety and accessibility.
```

Collect trail use data via infrared trail counters to inform management decisions and gauge overall preserve use.

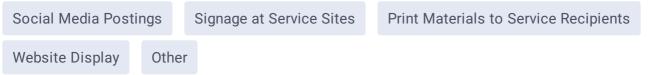

Program Outcomes/Measurables - Goal & Objectives #1

Success will be measured by miles of trails maintained or improved. This is an ongoing task to meet the larger goal.

Infrared trail counters installed at the trailheads will provide total number of hiking trips per preserve per month. Data can be extrapolated to provide a further breakdown of peak use times.

Anticipated Acknowledgment

Anticipated Acknowledgment

Anticipated Acknowledgment

FRHD will be acknowledged in all program outreach including social media posts (Facebook and Instagram), press releases, FLC electronic newsletters and printed Conservation Chronicle, and trailhead signage. The FRHD name and logo will also be printed on educational materials (trail guides, etc) given to trail users and those that interact with the FLC during community events.
